Garden RELEAF Events & Activities

National Blueberry Day - Fund raising for beyondblue and displays of Blueberries and blue plants.

This year we are focusing on promoting a message rather than holding events or activities at set times. Promotion of the *beyondblue* and Garden Releaf products will be sold and incorporated into our product displays, and promoted through our newsletter distribution.

- Our message for the day, and indeed for the month of March, will be primarily to incorporate play spaces and multipurpose spaces into your garden.
- Spaces where you can take your tea and toast outside, or the newspaper or read a good book.
- Spaces where you could play chess
- Spaces where children can draw and be artistic
- Spaces for sand play for Zen meditation or for children to build castles and play make believe.
- Garden rooms and spaces through thoughtful and clever design. Spaces that make you want to slow down and spend time in.
